📄 PROFILE

Highly motivated Computer Science Engineering student with a strong foundation in programming, web development, IOT and Embedded System. Experienced in java development, IOT and networking roles, with a demonstrated ability to tackle real-world challenges. Proficient in Java, Front End development, IOT, and Embedded System. Passionate about leveraging technology to drive innovation and solve complex problems. Seeking opportunities to contribute my skills and expertise to dynamic projects in a collaborative environment.

🧠 SKILLS

Technical Proficiency

- Operating systems (Windows, macOS, Linux)
- Hardware troubleshooting and repair
- Networking (TCP/IP, DNS, DHCP)
- Software installation and configuration
- Enterprise systems (Active Directory, Office 365)

Programming Language

Java and C

Hardware Programming Language

Embedded C, Arduino Programming

Web Development

HTML, CSS & JavaScript

IOT Development

Smart Home, Industrial Automation, Smart Agriculture System and smart healthcare system

Problem-Solving and Communication

Diagnosing and resolving technical issues efficiently Analytical thinking for complex problem-solving Effective written and verbal communication, Teamwork and collaboration

🏆 AWARDS

Full Scholar for Undergraduate Studies

Pragatii Scholarship (IND-SAT)

Funded by Study in India (EDCIL)

🎓 EDUCATION

B.Tech in Computer Science Engineering specialization in IOT

JAIN (DEEMED-TO-BE)UNIVERSITY ✍

2021 – present | Bangalore, India

Cumulative CGPA : Above 8.0 on a 10-point scale

12th NEB Board

Dhanusha Science Campus (Affiliated-to-Tribhuban University) ✍

2019 – 2020 | Janakpur, Nepal

📁 PROJECTS

Web Application

Online Registration and Appointment scheduling in Hospital by using web application

- Developed a web application enabling seamless online registration and appointment scheduling in Hospital with secure, real-time management.

personal portfolio ✍

- Developed a personal portfolio website using HTML, CSS, and JavaScript. The site showcases my projects, skills, and professional accomplishments.

Home Automation

- Developed a smart home automation system using IoT technology, enabling remote control and monitoring of home devices. This project enhances convenience, security, and energy efficiency for modern living.

👛 PROFESSIONAL EXPERIENCE

Subisu Cablenet Limited ✍

Intern as a IPS Networking/L1 Support Engineer

07/2023 – 12/2023 | Janakpur, Nepal

- Gained hands-on experience in configuration, networking, installation, and providing technical support.
- Demonstrated expertise in troubleshooting complex technical issues, optimizing system performance, and managing hardware/software solutions to ensure seamless network connectivity.

CERTIFICATES

- Microsoft Certified: Azure Fundamentals
- SQL and Relational Databases 
- Participation in NCAT 
- Certificate of Completion Web Technology

INTERESTS

- New innovation
- Programming & coding
- Creative ideas
- Technology explorer
- Photography, Music

Intern Matchup (OPC) Pvt. Ltd.

Interned as Java developer

12/2023 – 01/2024 | Mumbai, India

- Gained practical experience in developing and maintaining Java applications. Contributed to coding, debugging, and optimizing software solutions.
